

AMERICOMP HF VETERINARY SYSTEM

This fully-integrated, UL-listed table, tubestand and high frequency generator system requires as little as 11 square feet of floor space. Tube detents at 40 inches SID and angulates with mechanical lock. Grid cabinet and tubestand easily interlock for automatic alignment. Molded, rust-proof tray. Options include two sizes of floating table top, hands-free collimator light, latching prep, cassette bin.

SPECIFICATIONS

Space requirements	Column height: 82.5" Fixed table top: 53" wide, 28" deep 2-way table top: 58" x 44" 4-way table top: 75" x 44"
Mounting	Bolts to floor as desired. X-Ray Generator's Power Module & HV Transformer fits under table on metal shelf, provided.
