ESSENTIAL

You never have to leave your patient to get them a warm blanket

RX Warmth Medical Blanket Warmers provide the calming effect of heat and the security of a certified medical device designed to keep your patients safe and warm.

RX WARMTH MEDICAL BLANKET WARMERS ARE PERFECT FOR:

- Ambulances
- ER bays
- Mammo capes
- Locations that can't afford cabinet style
- Locations where staff does not want to leave patients
- Firefighter relief vehicles
- Imaging trucks
- Hospice care
- Nursing homes
- Nursing home new-resident welcome areas
- Cancer treatment centers
- OB offices (to heat damp wash cloths for wiping off ultrasound gel)
- Kidney dialysis centers
- Funeral homes (courtesy for people in wheelchairs at the cemetery)
