Using the Vita System Setting Screen to Clean the Rollers

Mantenimiento Diagnostics SW Update & Backup	Calibration Acerca de
Mantenimiento	CarestreamCR
Limpieza de rodillos:	Va a realizar la limpieza de rodillos.
Preoser Descartar	Pulse [Aceptar] para continuar.

[4]	Use the functions u	under Roller	Cleaning to do	the roller cleaning	procedures.

[5] When a warning message appears, click OK to continue.[6] Insert the Cleaning Tray into the unit tray. Make sure it locks into place.

[7] Place the cleaning plate on the tray. Make sure the cleaning plate is placed in the correct direction, as specified on the plate.

Remove the protective paper from the cleaning plate to expose the adhesive.

Repeat 5 times.

It is recommended that the rollers be cleaned every 1000 cycles. The new type of cleaning plates is also available for order as PN AC000111 (contains 2 x cleaning plates).
